## DETAILED ACTION

### *Post-Allowance Communication*

#### *Reasons for Allowance*

1. In view of Notice of Allowance mailed on June 17, 2005, the examiner now decides to put more reasons on Notice of Allowance. The following is an examiner's statement of reasons for allowance:

Claims 15-32 are allowable in light of the applicant's amendments filed on October 12, 2004 and April 12, 2005, the terminal disclaimer filed on October 12, 2004 and April 12, 2005. The closest prior art in the record is Diamandis *et al.*, (US Patent No. 5,552,283, filed on February 14, 1995). This prior art does not teach a formula  $C_A=C_L (L_A \div L_L)$  wherein  $L_A$  is not equal to  $L_L$ . This prior art either alone or in combination with the other art in the record does not teach or reasonably suggest a mixture of primers which comprise all of the limitations recited in claims 15 and 25. Although the examiner notes that some claims of copending application 10/975, 361 can be used to make a "provisional" double patenting rejection on claims 15-32, since this "provisional" double patenting rejection will be the only rejection remaining in this instant application if the examiner applies this rejection, according to MPEP 804, the examiner should not hold this "provisional" double patenting rejection but permit this instant application to issue as a patent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Papers related to this application may be submitted to Group 1600 by facsimile transmission. Papers should be faxed to Group 1600 via the PTO Fax Center. The faxing of such papers must conform with the notices published in the Official Gazette, 1096 OG 30 (November 15, 1988), 1156 OG 61 (November 16, 1993), and 1157 OG 94 (December 28, 1993)(See 37 CAR § 1.6(d)). The CM Fax Center number is (571)273-8300.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frank Lu, Ph.D., whose telephone number is (571)272-0746. The examiner can normally be reached on Monday-Friday from 9 A.M. to 5 P.M.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, W. Gary Jones, can be reached on (571)272-0745.

Any inquiry of a general nature or relating to the status of this application should be directed to the Chemical Matrix receptionist whose telephone number is (703) 308-0196.
